*Safe, Stylish, and Strong*

# Designed with Style— Built for Generations

40' x 64' x 14'

Understanding your lifestyle and needs is one of our top priorities. We use the information gathered to create a *unique* space that is functional and a reflection of your taste. Translating that into a building design is important since that is what others see. It is an *expression of you.*

52' x 104' x 18', 27' x 104' x 9'

38' x 84' x 12'

A *safe environment* is of utmost importance for horse owners, and we have made it a top design factor as well. Our high quality craftsmanship will ensure satisfaction and performance for generations. You can depend on a Borkholder Building to be *secure, strong,* and *attractive.*

50' x 60' x 12'4", 60' x 100' x 14'

72' x 152' x 16'4"

# Real Comfort for You and Your Horse

We understand that you and your horses need a comfortable place to relax, unwind, and get out of the weather. Your Borkholder building is not only designed to provide you with these benefits but is also intended to be as *functional* as possible while ensuring *flexibility* to accommodate any dreams you may have for the future. Our sales team and designers want to help you create a space that complements both you and your horses' lifestyle. When it is *relaxing* for both of you, we have succeeded.

*"After speaking with several builders, I made the decision to go with your company. Top-notch professional service from beginning to end. No high pressure sales, which I encountered with other companies. No detail is small and the quality of my building is so impressive, through and through."*

*"Friends who have visited the site have said they could live there. I agree with them. I loved my whole experience with this team of professionals, and have every intention of sticking with them for every future project in mind. Thank you for making my dream come true."*

- Pamela Terhune  
Muncie, IN

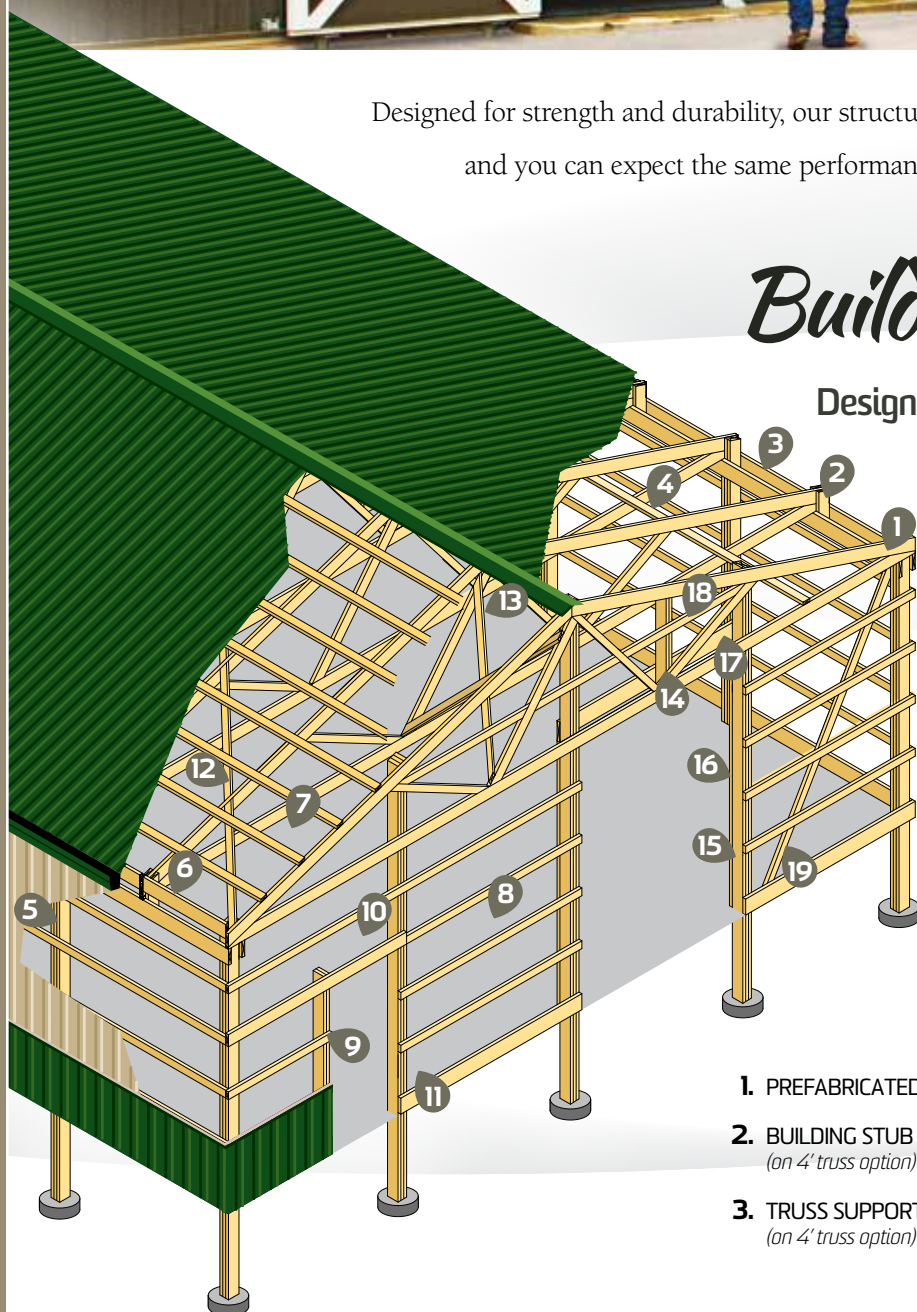

36' x 60' x 12'

Designed for strength and durability, our structures have been around for over *50 years*; and you can expect the same performance from your new equine facility.
