Built to Fit Your Life.

Have Your Dreams Become Reality

32' x 64' x 16'

Imagine having that perfect building you've always dreamed of! It is a great place to spend an afternoon indulged in your favorite hobby, gather with friends and family or secure your boat or RV.

For over 50 years the family at Borkholder Buildings has been making your dreams a reality. We provide you with what is needed to accomplish those dreams. From the start, we consider each detail while designing your structure and how it will be used. It's more than just a building...it's a *Lifestyle*.

The Ultimate in Performance

Our primary criterion, as we design your building, is *dependability*.

Using high quality materials and manufacturing our own components allows us to control the quality of your building. This results in the highest level of *performance* and *longevity*.

The Borkholder brand is recognized for its *durability* and is a leader in its class of pre-engineered buildings. We are nationally recognized and acclaimed for our in-house engineering which allows us to provide you with creative solutions to complex challenges as well as leading the industry in *energy efficiency*.

"We were very happy with our choice after considering all our options again. We had 2 previous Borkholder buildings 24 and 26 years ago and were very impressed with the quality and performance of those buildings. What impressed us even more was that with the recent building we purchased, Borkholder has not sacrificed the quality of materials."
